

Norah

Okay I'm sorry. I know that you think that I ruined everything and that I fucked up really huge and I'm sorry. Okay?

Rose

You know what I don't get, Norah, is that I ask you to do one thing and I can't even ask you to do one thing without you messing it up. I mean, Jesus Norah, it's not like I don't have enough to deal with in my own life, but now I have to take care of you on top of it and I can't. It's too much; I can't do it.

Norah

I'm not asking you to.

Rose

This business was everything to me Norah.

Norah

Well, why weren't you there?

Rose

I was going to be there. I told you I was going to be there. You couldn't just wait (beat) to burn the house down?!

Norah

Yea, but you weren't there and I couldn't do it by myself!

Rose

I just...I should have been there...I know, but, um, I really wanted to go to that baby shower. It's stupid. I just didn't want those girls looking at me like I was just a maid.

Norah

You're better than them Rose.

Rose

Yea...

Norah

What are you going to do now?

Rose

I don't know, um, they said that I could have my old job back if I wanted. I can put in a good word for you.

Norah

I don't need you to take care of me anymore. Its not your job, it never was.

Rose

Somebody had to take care of you Norah.

Norah

You know what I remember about her funeral? My shoes. They were too small and my feet hurt. That's what I remember.

Rose

You know what I remember? You wouldn't take your shoes off after that. You wore them forever it drove me crazy...I'm still mad at you.

Norah

Alright.

Rose

Like really mad at you.

Norah

Okay.
